

This CDC-Treated symbol
is your assurance that every measure is taken
to provide full product performance and satisfaction.

All natural materials are endowed with oils that provide protection from the elements and enhance their appearance. In our process of cleaning and dyeing Feathers and Plumage, some of these oils are removed. We use completely benign CDC oil and other naturally occurring oils to restore these products and achieve a better than original appearance.

Asian Blue Jay

BLUE JAY WINGS

NEW!

Traditional material for classic Salmon flies.

JAY-01 Pair

Duck

CUL de CANARD

Finely fibred Duck plumage with unusual floating characteristics. Excellent for Emerger wings. Trim and use fibres as dubbing.

Package

6 SAME CODE LESS 5%

CDC-12 Black	CDC-21 Mallard Grey
CDC-03 Brown	CDC-13 Medium Dun
CDC-51 Burnt Orange	CDC-08 Olive
CDC-18 Chartreuse	CDC-50 Orange
CDC-05 Cinnamon	CDC-10 White
CDC-15 Dark Dun	CDC-11 Wood Duck
CDC-14 Light Dun	CDC-02 Yellow
CDC-29 Light Pink	

MINI CUL DE CANARD

The smaller fibres and dense fibre count of these feathers mean less waste and a much more pronounced effect with increased flotation.

Package

6 SAME CODE LESS 5%

MCDC-12 Black	MCDC-13 Medium Dun
MCDC-16 Blue Winged Olive	MCDC-08 Olive
MCDC-03 Brown	MCDC-20 Pale Morning Dun
