

We are proud of our Great Canadian Dubbing™. With over 240 varieties of natural, synthetic and combination dubbing, even Mother Nature is impressed by the GCD™ range of products!

Look for the GCD™ brand for our best quality, Canadian-made dubbing!

## Natural Fur Dubbing

### GCD™ RABBIT DUBBING

Rabbit is easy to dub and looks great in the water. Can be easily mixed and matched with other fibres. **New Low Price!**

### GCD™ MUSKRAT DUBBING

The fine underfur of this aquatic dweller has been removed from the guard hair and makes great tapered bodies. The dyed colours have universal application. When mixed with dyed Rabbit, it covers the spectrum of insect colouration.

**Package**

6 SAME CODE LESS 5%

MUD-147 Dark Olive	MUD-117 Olive
MUD-00 Natural	MUD-125 Rust

### GCD™ SQUIRREL BLEND DUBBING

Mainly spikey Squirrel fur with a small percentage of long, natural fur fibres for binding. Highly mottled, it makes very buggy-looking flies.

**Package**

## Synthetic Dubbing CONT.

### GCD™ IMI SEAL™

Synthetic reflective Seal substitute—the most light reflective fibre we have found. It can be used as a dubbing enhancer by mixing white or other colour shades into the base dubbing material. GCD™ Imi Seal™ is not as stiff as natural Seal, making it is easier to dub. Great for Stonefly and Salmon/Steelhead patterns.
